

Attention: Student Activities Manager / Student Council Sponsor

DISTRICT IX PRESIDENT'S PHONE TREE

This year, the District IX Officers are going to create a President's Phone Tree. This tree will allow increased student-to-student communication, as well as provide yet another way to get information out about District events and projects.

Each District Officer will be communicating with approximately 5 school presidents. These forms will be forwarded to the assigned officer school. Your president should be contacted soon after the deadline.
