ADDITIONAL H1N1 OUTREACH CLINICS SCHEDULED

(EL PASO, TX) February 2, 2010 – Just one week after concluding their initial H1N1 immunization outreach schedule, Immunize El Paso has scheduled 20 additional locations to get vaccinated.

Since receiving their first shipment in November, Immunize El Paso has delivered nearly 10,000 doses of vaccine and they have no intentions of stopping there.

“Our numbers from our initial H1N1 vaccination ‘blitz’ were very impressive” said Dusty Warden, outreach coordinator for Immunize El Paso. “Given the amount of patients seen in our clinics, we feel that there is still a need for convenient and low cost H1N1 vaccination services.” Warden continued.

Immunize El Paso will be taking their outreach clinics to area recreation and senior centers as well as county nutrition program sites. Providing immunization outreach will afford those with limited resources to have access to H1N1 vaccine.

The next scheduled vaccination campaign is scheduled to begin Monday, February 8 and is expected to run through February 19th.

For more information on where to obtain your H1N1 vaccine, please call 915-533-3414 or visit immunizeelpaso.org for the latest schedule.

###

About us...
