

Military Child Education Coalition

El Paso Parent to Parent

Empowering Parents to be their Child's Strongest Advocate

Please join the El Paso Parent to Parent Team in a workshop titled:

"College Admissions and Financial Aid"

WHEN: March 10, 2020 from 5:30-7:30 pm

Where: EPISD Professional Development Center (6500 Boeing Dr.)

College Prep: Let us help you navigate the college admissions process. College criteria, choosing the right college, getting letters of recommendation, tracking application deadlines, researching financial aid, and searching for scholarships are just some of the things that we will cover in this workshop. Paying for college is also a big concern for many of us as our children grow older. Join us as we shed some light on the financial aid process and the resources available to support you in planning for this huge milestone in your family's life. We will cover cost of college, ways to pay for it, qualifying for aid, different types of aid, and warnings about scams. We will also discuss FAFSA, the concept of Expected Family Contribution, and how schools determine financial aid packages.

We encourage pre-enrollment to ensure adequate resources are available. Please use the following link:
