At the secondary level, El Paso ISD will provide acceleration-focused professional development for instructional staff, will modify intercession and summer school learning approaches to focus on academic enrichment and will increase support at the school leadership level to guarantee implementation fidelity. To complement these approaches the district will establish a content learning module which will prioritize staffing based on campus need. To meet the needs of SPED students, the district will increase its identification efforts and IEP support. The inclusion of sensory rooms and learning robots at schools with Structured Learning Centers will serve a long-standing need in these populations. Resources will be dedicated to upgrading assistive technology and providing interpretive services for hearing impaired students. District-wide tutoring will be provided specifically for English Learners and instructional staff will be offered targeted PD to improve service to EL students. This will complement the inclusion of college-readiness and preparation programs specific to EL students.
