The EPISD Online Dual Credit Summer Program is a cooperative partnership between EPISD and EPCC enabling high school students to earn college credits during the summer while completing the requirements for high school graduation. Summer dual credit courses are completed at an accelerated pace (June 1st - June 26th) with students attending class online using EPCC’s BlackBoard system. Students are expected to make every effort to participate in daily online discussions with their teacher and submit assignments online through the EPCC BlackBoard system.

Students interested in participating in the dual credit summer program must meet the Texas Success Initiative (TSI) testing standards or substitute assessment scores (PSAT, SAT, EOC) required for the course they wish to enroll in. This program is intended for students who desire to get a head start on their college curriculum. Students who receive a letter grade of “D” or above will receive both college credit through EPCC and high school credit. Students who drop a course between June 4, 2020 and June 12, 2020, will receive a withdraw “W” on their college transcript. No drops will be accepted after June 12, 2020. Parents should consider the commitment to attend online classes and the academic responsibility of their student prior to enrolling them in an online summer dual credit program.
