

DeafTEC presents a free new monthly webinar series . . .

Math Observations in Deaf Education

Join us for the first webinar

Remote Teaching Mathematics for Deaf Students

Wednesday, March 3rd 6:00-7:00 PM EST

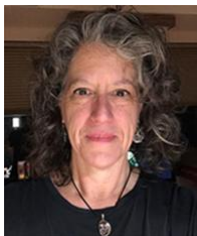

This webinar will provide classroom teachers of deaf students with recommendations and ideas for providing quality learning during remote instruction. Tips will be shared on activities, apps, and ways to keep students engaged. Audience ideas and participation are encouraged.

The webinar will be offered in ASL with voice interpreting and captioning.

Presenters

Dawn Kidd, Ph. D.

Middle School Mathematics Teacher - Texas School for the Deaf

Dawn has been involved in the education of deaf students for more than 30 years. She previously worked at TSD as a high school math teacher, and as the K-12 math curriculum coordinator. She taught

elementary math methods to pre-service teachers at the University of Texas at Austin, and developmental math at Austin Community College. She received a B.S. in Special Education and Spanish Education at Vanderbilt University, an M.A. in Deaf Education at the University of Texas at Austin, and a Ph.D. in Curriculum & Instruction also at UT-Austin. She is a certified BEI interpreter. Dawn is especially interested in the language of mathematics, and how reading and language knowledge impact problem solving. Dawn strives to make mathematics learning fun and meaningful for her students.

Nancy McAnlis, M.S.Ed

Middle/High School Mathematics Teacher - Rocky Mountain Deaf School

Nancy McAnlis was born and raised in Philadelphia, PA. She graduated with Communication Studies Bachelor's degree from Gallaudet University in 2005 and went back to her roots in Philadelphia before pursuing a teaching degree at McDaniel College, interned as a math teacher at The Learning Center in Framingham, MA, and received her Master's degree in Deaf Education in 2011. Her teaching career began at Rocky Mountain Deaf School in Denver as a middle school and high school mathematics teacher. She also is currently coaching for the middle school math team and high school Academic Bowl team.

Lara Metcalf, M.S.Ed

Mathematics Teacher & Instructional Coach - Atlanta Area School for the Deaf

Lara is from Binghamton, NY. She attended SUNY College at Brockport and received a Bachelor's of Science in Mathematics. She also attended RIT/NTID and received a Master's of Science in Secondary Education of Deaf/Hard of Hearing Students. She is currently in her ninth year at Atlanta Area School for the Deaf with seven years as a high school mathematics teacher and currently in her second year as the pre-school through high school math instructional coach. Lara is currently enjoying learning more about the practice of instructional coaching, as well as learning more about elementary math and working with elementary students.
