Dear Brown Parents and Community,

Student safety is our top priority at Brown Middle School. Due to some recent concerns, we have adjusted our bathroom procedures in order to make sure all students have safe access to restrooms. Please note the following procedures in place on our campus:

- Limited restrooms will be unlocked during the day. The large upstairs and downstairs restrooms will always be available. Cafeteria restrooms will be open and monitored before school and during lunch.
- Students will sign out in the classroom when going to the restroom.
- Bathroom frequency logs will be collected at various intervals through the day.
- Teachers will use limited bathroom passes.

The nurse or administration can help to put a plan in place for any student with a medical note documenting a need for more frequent use of the restroom. Please call if you need assistance with a plan.

Our faculty and staff appreciate your support in helping to ensure that our students are only using the restrooms for their intended purpose. Together, we can build positive expectations and behaviors!

Thank you,
Brown Administration
