**Launching Progress.** The modernization of Irvin High School combines new, state-of-the-art buildings that will blend seamlessly with remodeled areas of the original campus. However, the scope of work does call for the demolition of some older structures to give way to new and exciting growth possibilities at this Northeast powerhouse.

## [Capt. Gabriel Navarrete Middle School](#)

**Framing a Better Future.** Construction of the new Capt. Gabriel Navarrete Middle is advancing nicely and walls are now up for academic, fine arts, cafeteria, gymnasium and library areas of the new campus. Navarrete will consolidate Armendariz and Bassett middle schools into a state-of-the-art campus in the spring of 2022.

### *Building the Future*

A \$668.8 million bond proposal submitted by the El Paso Independent School District was approved by voters on November 8, 2016. The Bond will help EPISD create 21st Century Learning Environments throughout the District to help facilitate the modern, future-ready teaching and learning techniques that are the focus of instruction in our schools. The Bond also will consolidate schools into modern facilities that will help create a more sustainable inventory of campuses in EPISD. Other areas of focus for the Bond include investments in athletic facilities, school buses, instructional technology and safety and security measures.
