

Student Ambassador Program

Moving to a new school can be difficult, but our Student Ambassador Program is designed to help incoming students and make it easier! The program is about helping new students' transition into our school. Student Ambassadors creates a welcoming environment and builds a rapport with incoming families.

Benefits of having a Student Ambassador Program for new students:

- Welcoming atmosphere in our school
- Ease school transitions for all new students whether military or civilian
- Create an immediate rapport with our incoming families
- Fewer bullying incidents of new students
- Building connections between students.

Benefits for Student Ambassadors:

- Students will learn leadership and diplomacy skills
- Provide a setting for children that can promote leadership, friendship and build character
- Learn values of hard work and honesty, respect, and responsibility
- Enhanced awareness & respect for all students among students and faculty alike
- Build upon partnership with local military installation
- Participate in community service

The Tom Lea Elementary Student Ambassador Program is designed to increase awareness of the challenges Military children face while addressing school transitions and concerns impacting mobile elementary school students. Under the direction of the Military Family Liaison and a faculty volunteer the students will get a better understanding of our unique school culture and emerge as peer leaders.
